DIRECTORY OF THE FIRST BAPTIST CHURCH OF CHICAGO.

In order to increase the value and convenience of the directory, we have added to the residence address the telephone number, whenever this was known. When two telephone numbers are given in the case of one family, the business or downtown telephone number follows the name and address of the husband, while the residence telephone follows the name and address of the wife. .

Where the letters l. a. occur, they indicate

the last known address.

Belden Ave.-The average attendance at the prayer meeting for eight months past is 110. The church has raised over \$1,000 for the Chicago Union hospital.

Bethany.—The last issue was a directory number, an idea that may be used by other churches. The church rejoices that Pastor Blodgett has reconsidered his resignation and will remain. Union Gospel song services are being held here. Fifty responded to the rollcall on Nov. 17.

Bethel.—A call has been extended to Rev. M. W. Buck, formerly of La Salle Ave. Baptist Church, and he will begin his pastorate Dec. lst. A reception was tendered their former pastor and family on Oct. 30 and remembrances were given them. The church maintains a mission at Council Council. tains a mission at Grand Crossing.

Berwyn.-A feature of the weekly prayer meting is a few minutes devoted to important denominational news, including missionary intellingence. The Sunday-school superintendent has offered a dinner at his home to the class that has the best attendance.

Auburn Park.-Pastor Peterson was given a birthday surprise by his people on Nov. 8, and remembrances of their visit were left behind. The last issue of the Record was Woman's Department number. This is a good idea that might also be extended to other departments of the church. The church enjoyd a week of special meetings during the past month.

Grace.—Pastor Snashall has been seriously indisposed from overwork, but is again taking up the fight with accustomed vigor. The church mourns the death of its senior deacon, Dr. W. H. Vary.

Irving Park.—The hand of fellowship was extended to six new members at the November communion.

Morgan Park.—The B. Y. P. U. gave the entata, "Oueen Esther" in costume on Nov. 26 and 27 and cleared \$125.00 for their pledge of \$500.00 for church debt.

Fourth.—Pastor Decher has been preaching a series of sermons on The Voyage of Life, (1) Preparation for the Voyage; (2) Leaving the Harbor; (3) On the High Seas; (4) Safe in the

First.—The Diamond Jubilee number of the church paper is a most interesting number of the 44 pages. Dr. de Blois is a thorough believer in the local church paper idea and works it to great advantage in his work. It affords a great contrast with the paper of some of the churches whose pastor does not appreciate the opportunity which his paper gives him to use printer's ink profitably. This issue gives the members the impression that the "golden age" of the church is not in the past.

Calvary.—The pastor gave the hand of fellowship to five new members at the November Communion, and baptized two on the same evening. On Nov. 3rd a special wire was run into the church and election returns were thrown upon the screen. A program was also given and refreshments served. It brought many strangers in.

Ogden Park .- Pastor Dewey was greatly surprised when invited to go to the church to attend a committee meeting Monday evening, Nov. 16. The apparent light shone from the top of a huge cake made by art candles, one for each year of his life. The committee consisted of the parlors full of people who were profuse in congratulations. Before the lights were turned up he discovered his birthday was being made memorable. Mr. Hewitt reminded him of the fact in a neat address and presented him with a purse of money. Miss MacLean required him to count from a silk bag a penny for each The pastor's response was a fervent prayer for his well loved people. Flowers and refreshments in such abundance, music and recitation, warm fellowship and delightful social cheer made the evening all too short. An old member said: "This is the best meeting we ever held."

Lexington Ave.—Pastor Boynton, thanks to recent generosity on the part of his church, now receives a salary of \$3,000 a year. The pastor is also provided with \$250 for office expenses.

First .- In connection with the "Diamond Anniversary" recently observed, it was noted that when Dr. de Blois became pastor of the church five years ago the membership was 940. At almost every communion service since new converts have been added. The total additions aggregate 453, of whom about 200 were baptized. During this time \$83,578 have been given for home uses, and for benevolences \$28,701, making a total of \$112,279. As the church begins its fourth quarter of a century the outlook is most hopeful and encouraging. The loyalty of its hopeful and encouraging. members is unsurpassed.

Tabernacle.—Pastor Matthews is conducting a six months' series of Wednesday evening studies of the Parables of Jesus.

Belden Ave .- A special musical and song service will be given on the first Sunday evening of each month with a short address by the pastor.

Wheaton.—Dr. Cheney observed the second anniversary of his pastorate on Nov. 1st. Five new members received the band of fellowship. There has been a net gain in membership of 48.

Millard Ave.—An attractive Harvest Home service was held on the first Sunday of November for the benefit of the Baptist Orphanage and Home for Missionaries' Children. The pulpit platform was heaped with all sort of edibles for the orphanage. Ninety-four have been received into membership.

Humboldt Park.—Six new members were received at the communion service in November. One thousand dollars have been raised for the mortgaged indebtedness of the church.

Rogers Park.—A typographical error in the November Record did an injustice to our report of benevolences. The sentence should have read: "The total money raised was over \$600.00 (not \$60.00) for benevolences."

North Shore.—The church which has been without a pastor since Rev. W. B. Morris resigned, on June 1, has called Rev. Ingram E. Bill, who began his pastorate Nov. 1. Mr. Bill comes from a family of ministers. Both his father and grand-father were prominent in the denomination of the Maritime provinces, the latter being editor for years of the Christian Visitor, or Maritime Baptist as it is now named. Mr. Bill was graduated from Acadia College in 1893 and from Rochester Theological Seminary in 1897. His only pastorate was with the First Church, of Oberlin, Ohio, which he occupied between seven and eight years. For three years past Mr. Bill has been engaged in post graduate work at the Divinity School of the University of Chicago. He has recently returned from Denver, Colo., where for some months he served as acting pastor of the Capitol Hill Church, of that city. A reception was given to Mr. Bill and family at the church recently. Neighboring pastors and friends cordially welcomed them to their new field. Among the speakers were Dr. B. A. Greene, of Evanston; Dr. J. B. Thomas, of the Home Mission Society; and Dr. R. E. Manning, of the City Mission Society.

La Salle Ave.—Rev. M. W. Buck has resigned after four years of earnest and difficult work. A. R. E. Wyant, M. D. of Normal Park on a recent Sunday, gave an address along the line of the new Immanuel psychotherapeutic movement in the morning and lectured again in the evening Over 600 were present at both services, indicating an available congregation if the people can be reached. Messrs. O. S. Edwards and W. R. Hibbs have left the Belden Ave. Church, one becoming our Bible Class teacher, the other the superintendent of the Sunday-school.

Downer's Grove.—Pastor Prescott has been pastor here for about three years, during which time he has been instrumental in remodelling the church, installing many modern improvements in the parsonage and adding many va'uable additions to the church membership. Because of failing health and a needed change of climate, he handed his resignation to the church to take effect Jan. 1st. The church however, on account of their love for him and appreciation of his services, refused to accept the resignation but voted to give him a leave of absence of three or four months. Heave his wife expect to go to Asheville, N. C., and the prayers of many will follow for his speedy recovery.

Garfield Park.—The young people are giving the devotional hour on Sunday evening to studies in personal work which they put into practice at the Clark Street Mission. On Nov. 5 the Ladies' Aid society gave a reception to the officers and students of the Baptist Missionary Training School. About 80 of them were present and gave inspiration as well as received it.

Harvey.—The corner stone of the new edifice of the Second Church (colored) was laid on Nov. 8th. Rev. J. W. Rees, pastor of the First Church, and others assisted. This church was organized eight years ago and has worshipped in a small building in the rear of the new edifice which is to be constructed of cement blocks.

Blue Island.—Rev. G. G. Laughlin, who has been the pastor at Blue Island, near Chicago, a branch church of Morgan Park, during which time the membership has increased over 50 per cent as well as the finances correspondingly, has resigned his pastorate to accept a call to Lake Geneva, Wis. The resignation took effect Nov. 1. The church at Lake Geneva is talking of a new church building soon.

Maplewood.—The church had a never-to-beforgotten treat Nov. 6 and on the following Sunday, in the unique celebration of the twenty first anniversary of organized Baptist work in Maplewood. The Humboldt Park Church, during the pastorate of the sainted Johnson, looked northward for some suitable center to plant a mission. Maplewood Ave., near the North-western Beilman tracks was chosen and a miswestern Railway tracks, was chosen and a mission Sunday school started Nov. 6, 1887. Cottage prayer-meetings were held and Pastor Johnson was always the inspiration till health failed and he received his crown. Maplewood Church and Sunday-school are the monument fumbolit for this consecrated pastor. The of this consecrated pastor. The Humbold Park Church sustained this mission till it gave its members living in the vicinity letters to in the orjoin with other scattered Baptists in the or ganization of the Maplewood Church on Oct. 1, 1891. John Jensen was chosen as the and superintendent. He devoted much time and money to the movement. PERSONALS AND ITEMS OF INTEREST.

The Gospel Song Evangelistic movement in The Gosper Bong Prangeristic inovement in Chicago and vicinity has been progressing encouragingly. Groups of from seven to ten couragingly. Groups of from seven to ten churches have been holding weekly services of song with addresses by Dr. Dixon or some local pastor. The aim is to win souls to Christ by means of Gospel singing and evangelistic addresses. Drs. Towner, Excell and others lead in the music. Music books are given that all who will become members of the free to all who will become members of the chorus. A collection is taken each night to a Festival of Gospel Song at the Coliseum, on Watch night, Dec. 31st, in which all the churches and choruses will unite. Already there have been numerous conversions.

"Worry, the Sin of America" will be the subject of an address by A. R. E. Wyant, M. D., of Normal Park, at the Hyde Park Young Men's Christian Association, 53rd St. and Madison Ave., on Sunday, Dec. 6, 4 p. m. The speaker believes that the prevalence of worry in America accounts in large measure for the rapid progress of Christian Science here. No other sect has so emphasized "the gospel of don't worry." And contrary to the current belief in the Evangelical Churches he will show that, according to the teaching of Jesus, worry or anxiety is one of the most dreadful of sins. Medical science also shows that the baneful nervous effects of worry are similar to those caused by drunkenness and licentiousness. It is a sinful habit or disease which can be overcome by medical and moral treatment. In the light of the new psychotherapeutic movement the speaker will emphasize truth phasize truths not only for the healing of the sick, but also for the keeping of the well from that neurotic degeneracy which threatens the life of today.

At the recent meeting of the Student Bible Conference, in Columbus, Ohio, Booker T. Washington told the following story: He had made an address, before some large gathering of people, which seemed greatly to delight his auditors. At the close of the meeting, one

excited and jubilantly appreciative hearer came up to him. and said: "Mr. Washington, I have been simply delighted with what you have said today. You have done more for our country than any man living." Mr. Washington ventured to remark to the speaker that he rather imagined that he exaggerated somewhat. "You would not say, for instance," he remarked, "that I had done as much for the country as President Roosevelt, would you?" "Well," said the speaker, "I don't think very much of Mr. Roosevelt since he invited you to dinner with him!"

At the next meeting of the Chicago Baptist Social Union, Dec. 8th, Dr. L. A. Crandall will speak of the Northern Baptist Convention and its relation to the churches and societies.

At the Ministers' Conference Nov. 22, Mr. E. W. Sims, United States district attorney, occupied the hour speaking upon the white slave traffic. His work has to do largely with the question of importation of subjects of whom some 300 or 400 girls are brought to Chicago annually, while probably 2,000 are brought from the surrounding states. There were 100 arrests made during the year of those who engaged in this traffic. The needs are first engaged in this traffic. The needs are first investigation, and if need be segregation, and then education of parents.

Rev. Boardman B. Bosworth, after more than year's pastorate with the First Rockford, Ill., on Nov. 15 tendered his resignation which goes into effect Dec. 15. After devoting a year to the purpose for which he came to Rockford, the union of the Central Christian Church with the First Baptist church, and out of deference to the minority who did not favor union in the final action, he feels his work on this field finished.

"The English Reformation and Puritanism" by the late Dean Hulbert has been very favorably reviewed by the religious and secular press of this country. In order to close out the edition, the editor, A. R. E. Wyant, M. D., offers a special net price of \$2.00 for the book. It is 6 by 9 inches in size, with gilt top and rough edges, 492 pages, in steel-gray binding, and would make a beautiful Christ-mas present to any one interested in the great struggle for religious freedom. Send orders or write for descriptive circular to 606 W. 69th St., Chicago.

The next general convention of the Religious Education Association will be held in Chicago, Feb. 9-12, 1909. The meeting promises to be an exceedingly helpful and interesting one. The general subject chosen is "Religious Education Arrangements are being made for a program of exceptional interest. Prof. Francis G. Peabody, of Harvard University, president of the association, was in Chiand Social Duty." cago recently, and met the executive board and other prominent men in the association. announced that among the speakers for the convention already assured are President Eliot, of Harvard; Bishop William Lawrence, of Massachusetts; Pres. Benjamin Ide Wheeler, of the

University of California, and Prof. Geo. A. Coe, of Northwestern University.

At the Ministers Conference on Nov. 16, Dr. E. P. Brand, state superintendent of missions, occupied the hour in a rehearsal of denominational work in the state. The time has come when the denomination in the entire state should be working in harmony. He recounted the history and present condition of the work and indicated the outlook. He does not think the state overchurched. More bequests have been made to the convention during the past year than in the sixty-four previous years of its history. The increase for the past twenty years to the membership has been about 2,000 per year. The churches are not bringing out preachers as they should.

Dr. Myron W. Haynes, pastor of the Delmar Ave. Church, St. Louis, Mo., resigned his pastorate on Nov. 15 to take up the work of raising an additional endowment fund for Central College, Iowa, the board of which was urgent in having him take the work to which he will give six months of his time.

Dispatches from Calcutta, India, bring word of a tragic event which happened during a lecture being delivered by Prof. E. D. Burton. of the University of Chicago, at the town hall, when a young native attempted to murder the lieutenant-governor.

The new Emmanuel psychotherapeutic movement is a timely subject nowadays. A valuable series of articles by Dr. Worcester is appearing in the Ladies' Home Journal, and Bishop Fallows' League of Right Living is attracting general attention. A recent issue of The Standard contained reviews of three books on mental therapeutics. "Is Psycho-Therapeutics a Func-tion of the Church?" furnished the liveliest session of the recent Baptist Congress. A. R. E. Wyant, M. D., has addressed large congregations at several churches on subjects along this line during the past month. He also has an illustrated lecture on "The Human Body, or the House We Live In." Any organization desiring to hear him can phone or address him at 606 W. 69th St. He also has a private collection of about 1,000 lantern slides which are at the service of the churches.

ILLINOIS BAPTIST MISSIONS.

At the recent anniversary meetings of the State Convention, Supt. Brand gave the following report for the year past which is of

interest to Chicago Baptists:

The board feels each year that it has to face greater problems and meet greater needs than in the year closed. It is painfully conscious of the fact that in the last quarter of a century the foreigners have more rapidly foreignized Illinois than the Christian people of the state have Christianized and Americanized the foreigners. Illinois is a greater mission field today than it was thirty years ago.

The superintendent has just closed ten years of service. The office of superintendent of missions is more difficult to fill in this state than

in any other state of the union. The board express its appreciation of the board in any other state desires to express its appreciation of the board sometimes embarse ex desires to express the arrangement of the exceedingly difficult and sometimes embarrassing the superintendent is often comment. ceedingly difficult and sometimes embarrassing positions the superintendent is often compelled to face in portions of this state; and the delicate decisions he is frequently called upon the make. The year has not been easy for missionary The year has not withstanding difficulties the income of the year for current work was \$10. income of the year expenditures of the year for all purposes was \$9,908.17. All bills are pear for all purposes was the treasury full with \$99.13 in the treasury.

It is the opinion of the board that if the denomination does not do larger things for the mission work of this state during the next three or five years, many of the greatest opportunities that are now opening up to us will be taken away from us. We appeal for a large increase of funds, not to pay old debts, but to do advance work in Illinois during the

next few years.

The board made the following recommendations: Since the budget apportionment plan has been adopted by the Northern Baptist Convention and inasmuch as that churches of Illinois have been apportioned definite amounts for the three national societies, it is the opinion of the board: (1) That the Northern Baptist Convention has taken a wise course, and that the Illinois State Convention should give every reasonable encouragement to this work for the national societies. (2) It is furthermore the opinion of the board that if, in this apportionment scheme, the state convention is left out. it compels the convention to organize an independent financial system which would of necessity be somewhat in conflict with the plans of the Northern Convention. (3) We be lieve that the state convention should be included in whatever plan is adopted for raising money within the state for the national socie (4) We recommend that a committee of five be appointed at once by the convention and report Thursday morning upon some state con vention financial plan in cooperation with the budget plan of the national societies. (5) We recommend that the committee also consult with the superintendent and the secretaries of the missionary and educational societies and report some recommendation with regard to a continu ation or modification of the "wheel plan."

Her experience qualifies her to present the work in a most interesting way.

A CALL FOR MISSIONARIES.

The generous offer by a friend of the Missionary Union to pay for the outfits, passages and the first year's salaries of the first ten new missionaries to be appointed during the coming year makes prominent at this time the need of men for all our fields. Let it never be supposed that there is a superfluity of applicants. It has not been possible to secure this year even the paltry ten men whom the committee voted to send out—setting the number at this low mark because of the great debt. Only a comparatively small proportion of those who do apply are found available, owing to lack of education, ill health or other reasons. During the last two or three years, only 22 per cent of the applicants have been appointed.

The necessity of a large increase in the number of candidates will be evident from the fact above mentioned, that not even ten men could be found to go out this year. Moreover, the committee has been appealing for men for certain definite positions since last January without success: for example, the English-speaking churches at Rangoon and Moulmein, the chair or logic and psychology at Rangoon Baptist College and the chair of science at the college at Ongole. A list of immediate needs, every one most urgent, includes the following: A teacher of physics and chemistry for Ongole Paptist College: an evangelist for Assam; a pastor for the English church at Rangoon; a pastor for the English church at Moulmein; a physician for West China, to take the place made yacant in Ningyuenfu by the return of Dr. Hall.

THE GOSPEL SONG EVANGELISTIC MOVE-MENT FOR CHICAGO AND VICINITY.

One of the most unique and blessed movements in Christian work ever inaugurated sprung from the great brain and heart of Dr. A. C. Dixon pastor of the Moody Church. It is the Gospel Song Evangelistic Movement for Chicago and vicinity. Already more than thirty centers are actively engaged in the meetings which are held once a week, and souls have been converted by the scores. From five to 15 churches unite in a common center, organize a union choir under the leadership of an evangelistic singer, pastors in the district are brought from other disticts to give the addresses. and the whole movement is under the direction of a central committee representative of all the evangelical churches of Chicago. All who have entered the work are enthusiastic in their praise of its spiritual power and practical results. No salaries are being paid to anybody connected with it. Singers and preachers donate their services and even pay their own car fare to and from the places of meeting. Towns outside of Chicago have entered into the movement and are enjoying blessed results. We mention among them Kankakee and Elgin, as samples. These meetings which are growing in power every day will culminate in a great festival of gospel song and a watch-night service in the Coliseum on the last night of the year. It is expected that three thousand men and women will make up the greatest gospel choir which has ever sung in Chicago or any other city in the world. No trumpets are being blown, and no sensational methods are being followed but the work is going on quietly and effec-tively. It is laying the foundation for one of the greatest revivals Chicago has ever seen. JOHN A. EARL, Press Committee.

Confront evil with the Gospei, and you must expect an answer as the sign that your challenge is satisfactory. A Gospel which raises no

opposition would be questionable.—Burrell.

ANTI-CIGARETTE LEAGUE.

Lucy Page Gaston, Supt. National Anti-Cigarette League.

One who fully realizes the trend of things among the youth sees the need of intense con-

certed action along certain heroic lines.

The plan I have to present will supplement the effective work now being done by the various reform forces of our city. It is in the interest of the "ounce of prevention."

Plans are now maturing for a general movement to interest and enlist the boys of Chicago the Anti-Cigarette League. Forty recruiting

stations where boys gather are already assured. A new and beautiful A. C. L. button in colors, will be worn by every boy who joins the "Chicago 100,000 Club," pledged to the extermination of the cigarette.

The churches in Chicago willing to enlist in this effort for the betterment of the youth should report without delay to 1119 Woman's Temple. Once a month in every neighborhood a grand rally should be arranged for at which the Anti-Cigarette League boys will have re-served scats and assist in the program with their enlivening songs, yells, etc. This is surely the "missing link."

Live pastors who have a message and are willing to give their services one evening a month or oftener for these great rallies will kindly notify me at once. Temperance purity and law enforcement as well as the cigarette question will be discussed at these great gatherings. Speakers will be supplied for these occasions by this happy plan.

Rev. Father Francis J. Cummins of St. Jos-Rev. Father Flances J. Commins of St. Jos-eph, Mo., attended the convention held in Kan-eph, City last October, of the Ladies' Auxiliary to the Knights of Father Mathew. The prin-tical point he wished to make was that to the Knights of Father Mathew. The principal point he wished to make was that no practical Catholic can be a saloonkeeper; that the ruling of the Second Plenary Council of Baltimore, was to that effect. The church addition these in the saloon business to the saloon business vises those in the saloon business to seek a more honorable way of making a living and those who dare keep their saloons open on Sunday are condemned in the strongest terms.

AMORET HENSON GUILD,

Amoret Henson Guild held its monthly supper and social meeting as usual. There were about forty present. The Guild had previously as sumed the responsibility of the candy booth for the bazaar, so the most important business was groups, each group to be responsible for a particular kind of candy. After the business was groups, we were favored in having with us Mischer the summer over, we were favored in having with us Mischer the summer of the life at Ellis Island and of conditions in other parts of New York.

THE LADIES' BENEVOLENT SOCIETY.

The Ladies' Benevolent Society have had two very busy months since the last report. The usual work of the different committees has been vigorously and faithfully performed. Incident to the jubilee week, a banquet was given by the Men's League, and our ladies, as usual, were happy to serve the two hundred and thirty-five guests of the evening. It was an enjoyable affair with most excellent after-dinner speeches by Dr. Henderson, Graham Taylor, Rev. Jenkin Lloyd Jones, and Mr. Fleming Revell. It financially increased the funds of our treasury to one hundred and forty dollars, our Mrs. S. A. Tolman very graciously giving twenty dollars.

We were pleased to listen the following evening to a very interesting and carefully prepared paper by our honored Mrs. William E. Smith on the work and faithful service of the women of our church in earlier years. A just and worthy tribute to their memory. It was indeed a memorable week, one never to

be forgotten.

We had scarcely recovered from the work of the Jubilee week, before we were called by our ever faithful and indefatigable president, Mrs. Clifford Williams, and executive committee to increase our funds by another bazaar, realizing a little over six hundred dollars, including the generous gift of fifteen dollars from Mrs. Hine. Great credit is due all the ladies who worked so strenuously and unselfishly for this object. More than half of the one thousand promised has been secured, and our efforts will not cease until the amount has been rejsed.

has been raised.

It is a pleasure to note the return of Mrs.

THE WOMAN'S MISSION CIRCLE.

At the annual praise service of the Mission Circle, the large Junior class from the training school together with a good attendance of our own members made the gathering an enthusiastic one, and the spirit of the meeting was one genuine thanksgiving. Mrs. Hopkins, for merly of India, gave us the message of hope from the foreign field, dwelling upon the school work among the girls of Japan and China, and work among the girls of Japan and China, be speaking of the encouragement that can be found even amid the unrest of India.

Mrs. Barber in representing the Woman's Home Mission Society, spoke of the more than one hundred and seventy young women who one doing noble work among the many peoples of which our country is composed, and gave esor which thanks for the completion of the compecial thanks for the completion of the commodious school where such large numbers of consecrated young women are seeking training for usefulness in this great home field.

for userumess in this great home near.

It was a pleasure to hear from our pastor, as he told of his recent visit to Boston in the interest of the A. B. M. U. and his growing in the efficient effects. confidence in the efficient officers and Board of

the Missionary Union.

The music of the afternoon consisted in a song by the students of the training school.

Miss Tucker favored us with a solo, and a
duet by Miss Tucker and Mrs. Marshall was

enjoyed.

The thank offering boxes returned numbered thirty-five and contained \$56.20.

The social which followed the program seemed to be very much enjoyed.

It is now time to renew our subscription to the Tidings and Helping Hand. Subscriptions for Tidings can be handed to Miss Goodman; for Helping Hand to Miss Green.

MEN'S LEAGUE.

As the seventy-fifth anniversary banquet of the church under league auspices was exhaustively covered by the stenographic reports it will be unnecessary to say anything further than that it was a very profitable as well as most enjoyable occasion, never to be forgotten by those present. Since then we have given our regular monthly

social evening of the Men's League.

This took the form of a free entertainment,

which proved very successful.

The lecture room was filled with chairs and

every chair taken.

A fine program had been provided by the social committee and first on the program was none other than Mr. Harry Hale and Miss Ma-bel Moore, so well known among us, one as a fellow member and one as a former member. Mr. Hale rendered some fine whistling solos with his usual excellent musical ability, being accompanied on the piano by Miss Mabel Moore, who shows splendid pianistic ability, and playing a very smooth accompaniment.

Owing to their musical talent being so well nearty and insistent apenjoyed that it exc. plause they kindly responded to an encore and we would like to have heard more but time was

lacking.

As the speaker of the evening we were glad to have with us one of our neighbors who is so well known and beloved for his excellent work of many years as rector of St. Mark's Episcopal Church. This was the Rev. William White Wilson who gave us an intellectual treat in his address on the topic: "Character and Circumstances."

We had the pleasure several years ago of listening to Dr. Wilson on the topic, "The American Citizen," and we so thoroughly enloyed his interesting and reviving address on that occasion that we made up our minds we must have him again and he more than lived up to the reputation of the former occasion.

Some of the salient points touched upon in his address were these: Success is not a question of circumstances, but ability to meet circumstances, and here character plays a most important part. Develop the heart and mind equally. There is great moment in never waiting for circumstances and it was in anticipating circumstances that Napoleon was never taken by surprise.

Garfield could always speak upon bills that came up in congress because between terms he thought of what bills were likely to come up and then read and studied on those topics most exhaustively, in other words keeping his reserve knowledge fully up to date and ahead of

the times.

Acomplishment is due to being ahead of the times and lack of accomplishment is due to dragging behind and in this particular he related an incidence of Daniel Webster, who one time was asked by a newspaper reporter how he managed to give such fine addresses and to therein show knowledge ahead of the times, and he replied that the particular address mentioned he had had in preparation for forty years and had studied all phases of questions. Push your work or your work will push you.

He mentioned also many other anecdotes

showing how perseverance won.

Roosevelt as police commissioner of New York, was often wont to take a friend with him on his rounds and was a genuine terror to the policemen on beat, for they never knew when he would turn upon their beat and discover their absence, so they never dared to leave their beat, and also were very active in downing crime. One night a political friend told him he was a young man yet and he ought not to be so strict as it would tend to injure his political future. Roosevelt replied in his usual manly and vigorous way, "I shall do my present duty and I don't care a snap about the future."

A certain ad showed the spirit of the times in its wording, it being very significant: Situation, for a man, no discouraged man need

Another point on character and circumstances he emphasized was that one should not "vote like a farmer." That is don't vote Republican or Democratic because your people have always voted so.

The knowing yourself and being conscious of your powers is a great deal in life's battle, and that we must not blame others for our own

burdens.

Admiral Nelson is quoted as saying that his success was due to being ready fifteen minutes

before time.

A combination of the spiritual and intellectual life he strongly advised. He gave a most interesting description of the mammoth Cave of Kentucky. Way back in prehistoric times tms cave was one vast apartment with a perforated roof through which a sediment of lime percolated and formed pillars and in time became filled with these stalactite pillars becoming so strong trains now run over that ground and a vast continent could be borne on its surface now.

Stalactites are like pillars of character. The man of indomitable courage is surest to win

when combined with intellect.

In closing his remarks he alluded to a verse of scripture which bore upon his topic in that it meant a perseverance to win and win in the right way. This was, He that endureth unto the end shall be saved.

Dr. Wilson has fine ability as a speaker, holding his audience spellbound both by ms interesting and vigorous way and also by his intellectuality. His address was followed by hearty

and prolonged applause.

Here we were pleased to listen to Master Jamie Brewer, boy soprano of Grace Episcopal Church, who sang for us, "Lift up Thine Eyes," which was so well appreciated and sung so well and in such excellent voice that he was called upon by reason of the hearty applause to respond to an encore and he could have responded to more but for lack of time. He has a voice of much promise and sweetness.

Knowing that a program is hardly complete without a reader we were pleased to gain the consent of a young lady who is frequently in our church, and who has such excellent ability that she is in constant demand. Miss Marguerite Smith, who favored us with two fine recitations in the French canadian dialect, and so perfect was her imitation of the dialect that a native could hardly speak it better. Her readings were heartily applauded and all would have been very glad for more.

Last but not least on our program was a number of duets by Mrs. Dr. James Bovette and Mrs. Minnie Block, accompanied on the piano by Mrs. Shaffer. This also proved a very popular number, their voices proving to be of excellent pitch and timbre, and the ac-companist as well proving her fine ability as a pianist. Hearty applause greeted being again forts and they kindly responded, being again applauded for their excellent singing.

At the close of the evening a vote or thanks was given those who so kindly favored us.

SIMPLICITY.

Simplicity is less dependent upon external things than we imagine. It can live in broadcloth or nomespun; it can eat white bread or black. It is not outward, but inward. A certain openness of mind to learn the daily lessons of life; a certain willingness of heart to give and to receive that extra service, that gift beyond the strict measure of depth which makes friendship possible; a certain clearness of spirit to perceive the best in things and people, to love it without fear and to cleave to it without mistrust; a peaceable sureness of affection and taste; a gentle straight-forwardness of action; a kind sincerity of speech—these are the marks of the simple life, which is within. I have seen it in a hut. I have seen it in a palace. And wherever it is found it is the best prize of the school of life, the badge of a scholar well-beloved of the Master. —Henry Van Dyke.
